Authentic Journeys

Our mission is to create experiences that take you beyond seeing the sights and tick all the boxes...

Weka Travel has been founded on one guiding principle, deliver authentic and immersive journeys that bring people, countries and cultures to life for you and those you travel with on your grand adventure.

Our point of difference is the passion with which we share these rich and diverse experiences from a locals perspective. Our guides and planners are citizens of the world, living and breathing the cultures they visit.

With extensive personal knowledge and a wealth of local experience they will take you beyond the norm and help you live like a local, not be like a tourist

Our goal

To reveal the beauty and diversity of each destination while connecting you with real people, authentic food and everyday life in a way that reveals more than you could ever have imagined or experienced if you where just sightseeing.

Explore, Discover

You travel to experience something new, exciting and memorable, to immerse yourself in another world, another way, another life...

At Weka, we believe that the only way to travel is with a clear goal in sight. To explore those hidden places that will leave everlasting connections, experiences and friendships.

We work with you to plan the adventure of a lifetime. While you select your dream holiday we work to match your interests and must-haves into a personal journey that brings the place, people and history alive for you.

For us at Weka it's as much about the food, culture and people as it is about the history, architecture and sights.

We pride ourselves on customising journeys beyond the normal tourist trails. Dine in medieval churches while artisans craft beautiful glass before your eyes. Walk the back streets where history calls from every window, and talk with locals who still live a simple life fashioned centuries ago.

About Us

We live like the locals, that is the key to our success. Everyone of us has lived or still lives in the destinations you seek, in our hearts we love what we do...

When founder, Josh Loughnan travelled to Italy to play rugby, New Zealand's national sport, he was captivated by the people, the food and the lifestyle.

Further exploration took him around Europe in an immersive experience that saw him become a local, speaking the language as if it was his first. Adopting the customs and culture with passion has seen the birth of Weka Travels philosophy 'live like a local'.

With the completion of his rugby contract, Josh became a travel guide working throughout Europe. He saw first hand the excitement and joy his clients experienced when they had the chance to be part of the culture beyond the tourist traps and got to meet, eat and laugh with everyday people throughout their journey.

This passion is now his business, bringing everyday people together, across cultures and divides, that enrich their experiences of the world and each other in the most authentic way possible.

What We Believe In

Trust...

Real Experiences...

Flexibility...

Seamlessness...

It is all about you. You pick the destinations, the points of interest, the mode of transport and style of accommodation...

Traveling to a country where the language, culture and people are different can be a challenge.

We are here to bridge the gap, offering local knowledge and cultural insight. With a keen sense of fun, we will guide you through your journey.

All our Guides and Local Hosts are hand-picked for their personalities and their passion for sharing their countries' place in history and the people that have shaped it.

This allows you to experience each destination in a more authentic manner. Understanding local customs and beliefs helps shape adventures that will bring the country, its beauty and people to life in a way that no bus tour could ever achieve. Common tourist sights and venues are transformed into personalised experiences that will captivate your imagination.

Join us for your next adventure and let us shape an experience that will have you living like a local, leaving you wanting to plan your next big adventure.

How We Work

Work with one of our personal
Travel Planners to create the
ultimate experience...

PLANNING

STEP 1: BRAINSTORMING

Where do you want to go?

We'll start the inspiration, interests and goals for the trip then add in a touch of our first-hand knowledge of your chosen destination.

Not sure where you want your travels to take you?

No problem. We'll bounce around ideas and create a basic itinerary for you with potential dates and places to stay, as well as give you an idea of the unique travel experiences we can provide along the way.

Once you've satisfied that we know our stuff, we can push forward and lay the framework for your trip.

STEP 2: FRAMEWORK

Creating the building blocks for your holiday...

Now we're getting somewhere... We'll help to work out just the right pace for your trip and provide you with different accommodation, transportation routes and pricing options to choose from for each leg of the journey. Of course we'll make our recommendations, but the final choices are up to you.

Once you've decided on your dates and basic itinerary, we begin the process of making final bookings and payments.

STEP 3: FINE TUNING

Fill out your itinerary with the good stuff

What you're going to be doing each day. Think: excursions and guided tours, food and drink, scenery sights and self-tour options - whatever suits your fancy.

Filling in the details

Then we'll finalize the rest of your travel plans down to the last little details and make those final advance payments for the elements of your trip that require them. Once you're happy with the finished product, we'll send you a confirmed electronic version of your itinerary with all the accompanying documentation.

Now all that's left for you to do is start counting down the days until take off.

STEP 4: BON VOYAGE

This is the phase you've been waiting for. Enjoy your personalized trip and rest assured we'll be there to support you every step of the way.

The fun really begins!

We'll keep a close eye on you during your travels and we're 100% committed to supporting you each step of the way.

No matter where you are, we're never further than an email or phone call away and we're happy to help you with whatever you need. We'll keep a close eye on you during your travels and we're 100% committed to supporting you each step of the way.

We remove all the stress. Your only job is to make the most of your unique holiday experience.

For us, the key thing is spending the time understanding what your perfect holiday would look like, what do you want to do, where do you want to stay and how you wish to travel.

It's not just seeing the main spots, but immersing yourself in a place, getting behind the scenes and away from the touristy spots. We want to give people an opportunity to see the places that we live, breathe & enjoy everyday, no matter what the budget is.

No two holidays are alike and we make sure yours is tailored to capture that once in a lifetime experience that ticks all the boxes as you live like a local.
